Sir:

Applicants herewith submit a list of references of which one or more of the applicants is aware. A copy of each of the references is enclosed herewith.

This submission does not represent that a search has been made or that no better prior art exists. While the term "reference" is used in citing each of the publications called to the Examiner's attention herein, applicants do not make any admission that each or all of them are "prior art" references within the meaning of the statutory and case law.

I hereby certify that this amendment is being deposited with
the United States Postal Service as first class mail, postage
paid, in an envelope addressed to the Commissioner for
Patents, P.O. Box 1450, Alexandria, VA 22313-1450

Applicants reserve the right to contend, where appropriate, that a reference asserted against any claim of the present application is not prior art under the facts and the law.

Applicants also reserve the right to present appropriate arguments and/or evidence to establish patentability over the references, should one or more of the references be applied against the claims of the present application.

Applicants respectfully request that the Examiner independently determine those items that the Examiner would consider the most pertinent of all the references cited herein.

An Office Action on the merits has not been received to date. Therefore, no fee is due for the submission of this Information Disclosure Statement.

It is respectfully requested that these references be considered and made of record.

Respectfully submitted,

By:
